2ND ANNUAL

CONFERENCE

MARCH 29 & 30

2019

**INDIAN BIOLOGICAL ORTHOPAEDIC SOCIETY (IBOS)
2ND ANNUAL CONFERENCE**

VENUE | CHENNAI

**Sri Ramachandra Institute
of Higher Education & Research**

Centre for Sports Science
Crafting Sports Through Science

VANAKKAM

WELCOME

Dear Colleagues,

On behalf of the organizing committee of the Indian Biologics Orthopaedic Society, We would like to invite you all to **IBOS live 2019, in Chennai on March 29 &30,2019 at Sri Ramachandra Institute of Higher Education & Research.**

Conference theme:
Ortho-Biologics: Clinical lab to Clinical practice.

We will have field leaders, (National & International) delivering their experience & expertise through a series of plenary sessions, symposiums, workshops, and fire-side chat sessions.

IBOS live will provide a rigorous review of novel biological therapies, treatment strategies, as well as report on the very latest findings in basic and clinical research.

Delegates will have hands-on experience through workshops & cadaver labs with biologic treatments, taught by field experts which will enable them to implement biologic treatments in practice.

Online streaming and recorded videos make information accessible and affordable to the clinicians around the globe. Lastly, but by no means least, our host city Chennai, known for its rich culture with its wealth of monuments and an abundance of cultural attractions, will provide yet further reason for joining us for the Conference.

We look forward to welcoming you all for what promises to be an outstanding educational event.
